

**Acceptance of the Study Place
at Ulm University**

***Master's Program
Molecular and Translational Neuroscience***

to be returned **by July 31, 2024 at the latest ! (deadline)**

Last (family) name:

First (given) name:

Application No.:

I have been admitted to the International MSc program Molecular and Translational Neuroscience at Ulm University for winter semester 2024/25.

YES, I accept the place in the program.

- I understand that this acceptance will become valid only after I paid the administrative fee of 162,00 € within two weeks after signing and returning this acceptance letter.
- I understand that enrolment in the program requires proof of proper visa status (for Non-Germans and Non-EU-citizens), proof of completion of undergraduate studies (bachelor degree or equivalent), proof of an adequate command of English (C1) and presentation of all original documents once I have arrived in Ulm.
- I understand that enrolment must take place on or before **October 7, 2024**
- I understand that I can apply for enrolment via campus portal: <https://campus4.uni-ulm.de> and send the required documents in full by post to the Student and Examination Office by the deadline stated in the letter of admission. I have noted that all documents must be received in full by Ulm University by this deadline.
- I noted that as an international applicant I have to show the original documents at the on-site enrolment as soon as I have arrived in Ulm.
- I understand that I have to prove immunization against measles for enrolment.
- I will notify mtn@uni-ulm.de of any circumstances which may prevent my participation in the program immediately.

No, I refuse my place in the MTN-program at Ulm University.
