10th International Summer School

„From Structural Biology
to Drug Discovery“

Aug. 26th – Sept. 2th 2025

in Anavyssos near Athens, GREECE

University of Ulm, Ulm, Germany

University of Applied Biosciences, Biberach, Germany

National and Kapodistrian University of Athens
(Biology and Pharmacy Department)

Organization and Responsibility:

Uwe Knippschild, Chrystelle Mavoungou & Constantinos
Vorgias

contact: uwe.knippschild@uniklinik-ulm.de

General information

The fee of **500 €** includes the accommodation, most meals and excursions (trips to Athens and Cap Suonio), transport from/to the airport and local sites.

In addition, you have to book your flights. Booking them early will be the cheapest, at present Aegean airlines offers flights from München-Athen-Stuttgart for about 270 €. However, please start booking flights only after we have informed you.

Maximum number of participants: **36** students from Ulm University & Hochschule Biberach
15 students from other Universities

Registration form

Summer School

„From protein structure to drug design“

26.08. - 02.09.2025

in Anavyssos near Athens, Greece

Hereby I register **obligatory** for the Summer School in Athens in August/September 2025. I will organize my flights independently. The registration fee includes accommodation, transport, and catering.

The registration fee of 500 € is due on 15.03.2025.

Preliminary program

- Each student has to present a presentation within the field of protein structure and drug design.
- There will be presentations of invited speakers among them:
 - Prof. Gopal Sapkota (Dundee, Scotland, GB) (not confirmed so far)
 - Prof. Najma Rachidi (Paris, France) (not confirmed so far)
 - Prof. Constantinos Vorgias (Athens, Greece)
 - Prof. Emanuel Mikros (Athens, Greece)
 - Prof. Chrystelle Mavoungou (Biberach, Germany)
 - Prof. Bernhard Eikmanns (Ulm, Germany) (not confirmed so far)
 - Prof. Uwe Knippschild (Ulm, Germany)
 - Dr. Robert Janovski (München, Germany)
 - PD Dr. Pengfei Xu (Ulm, University)
 - Dr. Cristiano daSilva (Ulm, Germany)
- Practical training course with MAESTRO software at the University of Athens
- Practical training course with PyMol
- Practical training course with COOT
- Symposium with Greek Professors and students at the University of Athens
- Planned social events (sightseeing: old town of Athens, sunset Cap Suonio, trip to local beaches, Greek evening)
